PREPARE . . .

Neighborhoods that are prepared for emergencies and disaster situations save lives, reduce the severity of injuries and trauma, and reduce property damage. In addition, working together as a team and contributing as an individual develops stronger communities and improves the quality of life in the community.

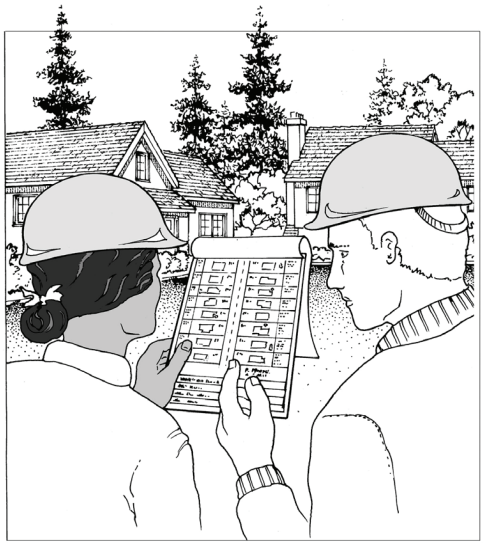
LEARN . . .

- The 9 steps to take immediately following a disaster.
- Develop a neighborhood skills and equipment inventory.
- Map your neighborhood and identity areas of concern such as propane tanks.
- Verify which neighbors need extra help in a disaster such as the elderly, those with a disability, or children who may be home alone.
- Map Your Neighborhood classes take only **90 minutes** to complete!



THE STEPS TO SET UP YOUR NEIGHBORHOOD TEAM:

Step 1: Identify your neighborhood boundaries and name it. *(We assist.)*

Step 2: Establish a meeting time and place. *(We will provide the invitation template and even print them up for you.)*

Step 3: Contact your neighbors. *(We assist by providing the invitation and materials to hand out.)*

Step 4: Hold your first neighborhood meeting. *(We will provide the maps, trainer, and all materials.)*

Step 5: Follow-up meetings. *(Plan a communication system to stay in touch, appoint block captains, arrange for additional training on other subjects like preparedness kits, 'grab and go' car kits; we can help!)*

Isn't it time to organize your neighborhood? Contact us. We'll make it easy!

In a disaster, your most immediate source of help are the neighbors living around you.
