

Apple Apps for Special Education and Employment  
for iPhone, iTouch and iPad

***Pictello***

Pictello is a simple way to create talking photo albums and talking books. Each page in a Pictello story can contain a picture, up to five lines of text and a recorded sound or text to speech using high quality voices. This app can be used to create a task picture book with verbal prompts. \$18.99

***First Then  
Visual Schedule***

First Then Visual Schedule app is designed for caregivers/job coaches to provide positive behavior support. For individuals with communication needs, developmental delays, Autism or those who would benefit from a structured environment, visual schedules serve to increase independence and lower anxiety during transitions through different activities. Visual schedules provide positive behavior support through the use of images that show daily events or steps needed to complete a certain activity (i.e. using the restroom or completing a job related task.) \$9.99

***Choiceworks***

Choiceworks Visual Support System provides the framework that makes learning positive behavior fun and easy to do. You will be amazed as your child willingly performs tasks such as getting ready for bed, going to the dentist and cleaning up. Your child will also learn the skills necessary for taking turns, making choices, and managing emotions. \$9.99

***Checkable***

Checkable App ensures consistency and completeness when carrying out repeated tasks. You can write your own checklists and use them over and over again. You can attach a video to each task so you can show others how to do tasks. You can attach a PDF file to each task to show others how to do the task. You can record notes as each task is completed. Completed checklists can be stored and can be looked at later. You can send reports of completed checklists to others. You can modify your checklists any time, keeping the originals if you want and have access to older versions of checklists and reports. \$7.99

- My Video Schedule*** My video Schedule App combines video modeling with a structured schedule while providing positive reinforcement for individuals of all ages with special needs. This is the only app with a library of 100+ pre-made photos and videos for no additional charge. If you can't find a video you need in the pre-made library, you can create your own. You can also add your own photos. App provides fading from full videos to video intros and or pictures as the individual progressively masters tasks. BLS training. \$9.99
- Video Scheduler*** Video Scheduler provides easy construction of picture and video schedules. Users can also organize video modeling content (and turn off schedule functions such as "Done" by turning this mode "On." After creating, share your schedules/modeling with others for FREE. Video Scheduler is the #1 Most Downloaded App for Education on iTunes. \$12.99
- Vocational Timer*** Vocational Timer was designed specifically for vocational training. It allows one to set the timer to alarm on a regular basis for repetitive job tasks. Timer can be set to count down or count up. Free
- Living Safely*** Living Safely App features self directed learning sessions for 27 important living skills topics including safety at work. \$19.99
- Visual Cue*** Visual Cue app offers prompts using pictures for use with the concepts of cause and effect, making choices, a time keeper for transition, token reward system, visual scheduler and timer. This app works best for visual learners. \$9.99
- Vis Timer*** Vis timer was developed to provide a gentle implementation of imposed time limits. It utilizes an animated shrinking pie chart to depict elapsed time. There is an early warning preference setting to indicate the timer is approaching completion. This creates a gentle reminder to prepare and set expectations. The app features a low stress animated circle combined with restful colors and gentle sounds. \$1.99
- Work Skills Sampler*** This Work Skills Sampler HD contains 80 of the most common signs and words in the Functional Work Skills System. Included in the app are such words as Employer, Wage, Do Not Enter, First

Aid, Hammer and Safety Glasses. The app also includes videos to demonstrate functional signs and words. Free
