Ms. Hewett,

Your public comment dated 5/16/16 was the last comment we have received on the SMP. We have kept very meticulous records of all comments with written copies that are indexed and filed as they were received.

The link to that document appeared to be broken and was renewed today. The renewed weblink should appear on the website as soon as it can be posted by our IT staff.

Thank you for letting us know.

This is a public Comment

on the Clallam County SMP Update  
Pearl Rains Hewett

No public comments have been posted on the SMP website since May of 2016.

I tried to read the comment and received this message.

This page has moved or is otherwise not at this web address.

Please select an area of interest from the links above.

How screwed up are things on the SMP public comment section?

In fact, how screwed up is the SMP Update?

Pearl
